WILLIAM COULTER

Junior Full-Stack Software Engineer at Shippit. Graduated with Bachelor of Software Engineering (Honours) from the University of New South Wales with a distinction weighted average mark. Born in Darwin, Northern Territory and grew up in Young, New South Wales. Graduated High School in 2015 from Canberra Grammar School.

PROFESSIONAL EXPERIENCE

Shippit, Sydney – *Junior Software Developer (Full-Stack)*

January 2022 – Present

- Full-stack developer, working in the integrations team to connect third-party merchant platforms with carrier providers.
- Gained experience leading features through the design, testing, development and customer usage phases.

Geora, Sydney – *Software Developer (Full-Stack)*

April 2019 – December 2021

- Full-stack developer, leveraging blockchain for agricultural asset management, providing traceability and security along the food supply-chain.
- Liaised with customers to learn their problems and transform these into tangible solutions.

Abby Health, Sydney – *Software Developer (NLP)*

January 2021 – May 2021

- Worked alongside medical professionals to develop a PoC to assist in palliative care for patients living with cancer.
- Used Google AutoML and DialogFlow to construct an NLP solution that extracts usable data from unstructured patient dialogue.

Bowie Insights, Sydney – *Software Developer*

March 2019 – October 2020

- Produced the 'Patchly' solution, providing elite E-Sport organisations with transparency and granularity on game data.
- Liaised with Australian eSport organisations to discuss an MVP product, receive feedback and maintain professional relationships.

Back To Back Financial Planning, Young & Canberra – *Paraplanner*

November 2015 – January 2018

- Produced comprehensive financial documents for clients, requiring close consulting with client and planner.
- Acquired knowledge on investment strategy, asset and debt analysis, insurance needs and complex financial-entities.
- In 2015, the practice was awarded the AMP “National Practice of the Year” for outstanding financial advice.

EDUCATION

University of New South Wales, Kensington – *Bachelor of Engineering (Honours, Software)*

March 2017 – November 2021, Sydney

- Distinction weighted average mark.
- House Treasurer (Executive of the House Committee) for Basser College 2018.

EXTRACURRICULAR EXPERIENCE

House Treasurer & Executive of the House Committee – *Basser College Society*

November 2017 – November 2018, Sydney

- Managing a budget of over \$120,000, distributing funds across 5 major portfolios with over 100 events for 160 residents, requiring extensive bookkeeping, analysis and communicative skills.
- Alongside the House President and Secretary, provided strategy and vision for the college.
